### Compact Hydronic Heating

**Dual-Fuel Heat Generation:** Combines an electric element with diesel or propane fuel source.

**Single, Self-Contained Unit:** Delivers residential-style interior heating with the ability to deliver a luxurious supply of continuous hot water at 110°F-120°F at a rate of 1.5 gallons per minute. It’s just like home.

**Common Size Configuration Line-Up:** Simplifies installation and on-the-line product changeovers.

**Fast Installs:** Zone port outlets are located on top of the tank for easy connection access. Mounting tray facilitates air intake, exhaust routing and fluid evacuation.

**Aqua-Hot 400P:** The propane hydronic system that puts 5th wheel and Class B into Class A Comfort Zones with a single system.

**Owner-Friendly Diagnostics:** Touch-screen Reporter monitors the Aqua-Hot & coach to provide real-time info to coach owners & service technicians. Compatible with RV-C or I/O Controls.
